MEMORANDUM FOR THE RECORD

T-KH Modification Working Group Meeting
14 November 1974
1330-1530, Room 1G34, CIA Headquarters

CHAIRMAN

[REDACTED]

MEMBERS PRESENT

[REDACTED]

25X1A

25X1A

1. Agenda -- See Attachment A.

Item 1. No discussion.

Item 2. DIA has intuitive feeling that instructions to NPIC may not solve all DIA problems. DIA will closely [REDACTED] and inform COMIREX if additional changes are desired.

25X1

NRO

25X1A

Item 3. There was much interest expressed in the USGS letter. Technical questions were answered to the satisfaction of all by [REDACTED] NPIC.

25X1A

25X1A

25X1A

NRO review(s) completed.

Item 4. Still trying to provide final draft of basic manual (with at least one annex--and applications) to COMIREX by mid-December. Army expressed great interest in Civil Applications, as it affects Corp of Engineer activities.

Item 5. An information item only--COMIREX has proposed an outline for a [] classification guide--a companion piece to the [] classification guide. This, with the view to having essential planning data available in the T-KH [] compartment. See Attachment B.

25X1A
25X1A

25X1A

Item 6. There was not enough time for the members to read and discuss the parameters paper and the recommended cover memo. Departments and services were asked to furnish COMIREX with possible items of conflicts prior to 21 November COMIREX meeting.

Item 7 (Added). [] passed out copies of EK Photographic Downgrading Study to the members. This was the first time that any of the members had seen the final results of the EK study. There are no apparent conflicts with the parameters study.

25X1A

2. Members were asked to provide COMIREX with the total number of [] clearances issued as of 1 November 1972, 1 November 1973, and 1 November 1974. Each member stated that he would try to provide these figures but in some instances there was doubt that the figures were still available.
